

Certificate of Origin

LEPEX - NOVUM

Description of the Product LEPEX-NOVUM

LEPEX-NOVUM is a high-quality rabbit semen extender that contains pharmaceutical and analytical grade ingredients.

LEPEX-NOVUM is delivered as a powder in small bottles/tubes that contain 2.4 gr powder for making 500 ml rabbit semen extender or may be delivered in appropriate quantities that are requested by customers.

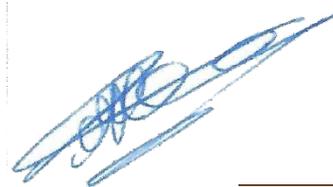

LEPEX_NOVUM powder has been micronized in order to deliver a homogeneous powder that will dissolve easily in warm water without lump forming.

LEPEX-NOVUM contains sugars, lactose, protein, EDTA, riboflavin, antibiotics and proprietary products.

LEPEX-NOVUM is being manufactured and packaged by HuVeSearch bv, Belgium

The authorizing official hereby acknowledges the specified country of origin of the product listed above.
